

JOB DESCRIPTION

PART A: JOB DETAILS

| | |
|----------------------|---|
| JOB TITLE: | Leading Operations Manager |
| AFC BAND: | 7 |
| HOURS: | 37.5 Plus unsocial hours up to 25% (AFC) |
| DIRECTORATE: | Service Delivery |
| DEPARTMENT: | Service Delivery – Sector Services |
| REPORTING TO: | Assistant General Manager, Service Delivery |
| BASE: | The post holder core base location will be within a sector of the operation to where they are normally working. There is a requirement to regularly attend all stations within the area of responsibility. |

PART B: JOB SUMMARY

This post is an operational incident response (Bronze level) and a Paramedic clinical leadership role, based within a locality supporting the Assistant General Manager and local team by being responsive to operational needs as required across the region. The post holder will need to be capable to undertake all roles at Operational (Bronze) level until relieved.

The purpose of the role is to compassionately lead a team of clinicians and other support staff within a defined geographical area in the provision of safe, effective, caring and responsive services of a modern ambulance service in an emergency and health system family.

The role provides operational response to any situation that may present, which may include multi-agency or ambulance support to an incident to provide support to the wider health or emergency service environment, welfare, clinical leadership and capacity management. Essential to the role is the ability to ensure professional standards, policies and procedures are complied with. The role is to provide resolution of issues arising to ensure the efficient use and optimal availability of resource whilst providing a safe level of scene management, welfare and excellence in patient care where incident and live time related or where tasked by managers.

The role will require working on patient facing duties 50% of the time.

Leading Operations Managers will provide clinical support, supervision and leadership to staff within a dedicated team in their geographical area of operation. They will contribute to the provision of a 24 hour, mobile clinical supervision and support resource, providing staff with face to face, on-scene clinical support and supervision.

The proactive aspect of the role is to work with clinicians in the operating environment to support their development and address performance related matters or support following adverse or traumatic incidents. The aim is to support a model of proactive support as well as reactive to patient events to develop a strong clinical response model of operating.

As part of a locality based team, the post holder will support the general running of the locality in conjunction with the Assistant General Manager or as directed, with particular focus on the out of hours and substation / posts environments.

The post holder is locally responsible for the support of all clinical, quality, financial, performance, governance, assurance, planning, communication, objective setting and review and key message delivery to staff within the locality.

Key Result Areas & Performance Indicators

- Undertaking duties as part of an ambulance crew
- Provide proactive and reactive clinical leadership as a senior clinical role model and leader in operations and at operational incidents
- Undertaking duties as the operator of solo response vehicles ;
- Spend on average, of about 50% of your time station-based supporting a team of staff, specifically:
- Provide clinical leadership to improve patient and staff outcomes, shared learning and learning from experience and mentoring staff where they see the need;
- Delivery of Operational Workplace Reviews for the team in line with corporate guidance;
- Work with staff to improve clinical and operational quality and performance
- Delivery of appraisals, Personal Development Reviews (PDRs) and Personal Development Plans (PDPs) annually to all eligible staff within the team;
- Managing performance improvement of staff within the team;
- Managing absence and abstractions in line with objectives provided.
- Meeting and improving key performance, quality and personal targets contributing to the achievement of the service plan.
- Improving employee satisfaction results as measured by the staff survey, notably engagement and communications.
- Improving staff retention, attendance and operational performance.
- Meeting patient and internal complaints targets focusing on continuous improvement by actively implementing improvements learned from outcomes.
- Support the management of hospital turnaround time and overall job cycle time within stated Trust parameters.
- Maintaining a high level of operational availability by optimising resource availability time.
- Delivery of all agreed personal objectives.

PART C: KEY RELATIONSHIPS

The role is a key leader in the local environment, both internal and external. The list is not exhaustive, but would include the following and their associate support.

- Middle and Senior Managers across all directorates and sub directorates
- Other emergency services front line and supervisory staff.
- Front line staff Service Managers in acute trusts

PART E: GENERAL RESPONSIBILITIES

Financial Management: All staff must act in a way that is compliant with Standing Orders and Standing Financial Instructions. Funds must be procured in line with EEAST policies, within delegated limits, and used appropriately.

Flexibility: The postholder may be required to work at any of the Trust's sites in line with service needs.

Infection Prevention and Control: All Trust employees have duties under the "Health and safety at Work etc. Act 1974" which have a bearing on the prevention and control of infection in particular: Staff are expected to understand their responsibilities as outlined in the infection prevention and control policy and related guidelines, comply with all stated systems and maintain their knowledge of infection prevention and control relative to their role.

Confidentiality, Data Protection, Freedom of Information and Computer Misuse: All staff must ensure confidentiality and security of information dealt with in the course of performing their duties. They must comply with and keep up to date with Trust policies and legislation on confidentiality, data protection, freedom of information and computer misuse.

Communication: All staff should be able to communicate effectively with people who use services and other staff, to ensure that the care, treatment and support of people who use services is not compromised.

Health, Safety, Security and risk management: All staff are required to adhere to and act consistently with all relevant health and safety legislation and Trust policies and procedures in order to ensure that their own and the health, safety and security of others is maintained. This will include identifying and reporting all risks to health and safety, working time directive, security of equipment and property, use of necessary safety devices and protective clothing and the achievement of the Trust's objectives in accordance with the Trust's risk management strategy and policies.

Major Incident: In the event of a major incident or civil unrest or other potential large scale service disruptions (e.g. Pandemic) all East of England Ambulance Service NHS Trust employees will be expected to report for duty on notification. All employees are also expected to play an active part in preparation for a major incident, civil unrest or other potential large scale service disruptions (e.g. Pandemic) and to undertake training as necessary.

Business Continuity: All AfC Band 7 postholders and above, are required to ensure that the business continuity management system requirements under their area of responsibility are fully embedded into day to day business processes and that the necessary resources are available. Postholders should promote continual improvement of the Trust's business continuity management system. This includes communicating the importance of effective business management to their team(s) and direct and support

others to contribute to the effectiveness of business continuity. Promote continual improvement of the Trusts business continuity management system.

Equality and Diversity: Actively promote the Trust's commitment to equality and diversity by treating all patients, colleagues and visitors with dignity and respect and comply with related policies including Equal Opportunities Policy, Dignity at Work Policy, Recruitment and Selection Policy etc.

Mandatory, job related training and CPD: Take a proactive approach to own personal development in order to ensure that skills set is aligned to the demands of the role as it evolves and develops to meet the organisation's changing needs. This will include full participation in KSF and appraisal.

Safeguarding children and vulnerable adults: All employees have a responsibility for protecting, safeguarding and promoting the welfare of children and vulnerable adults. Further information about the Trust commitment to this and your responsibilities can be sought from the Trust's Child Protection Leads.

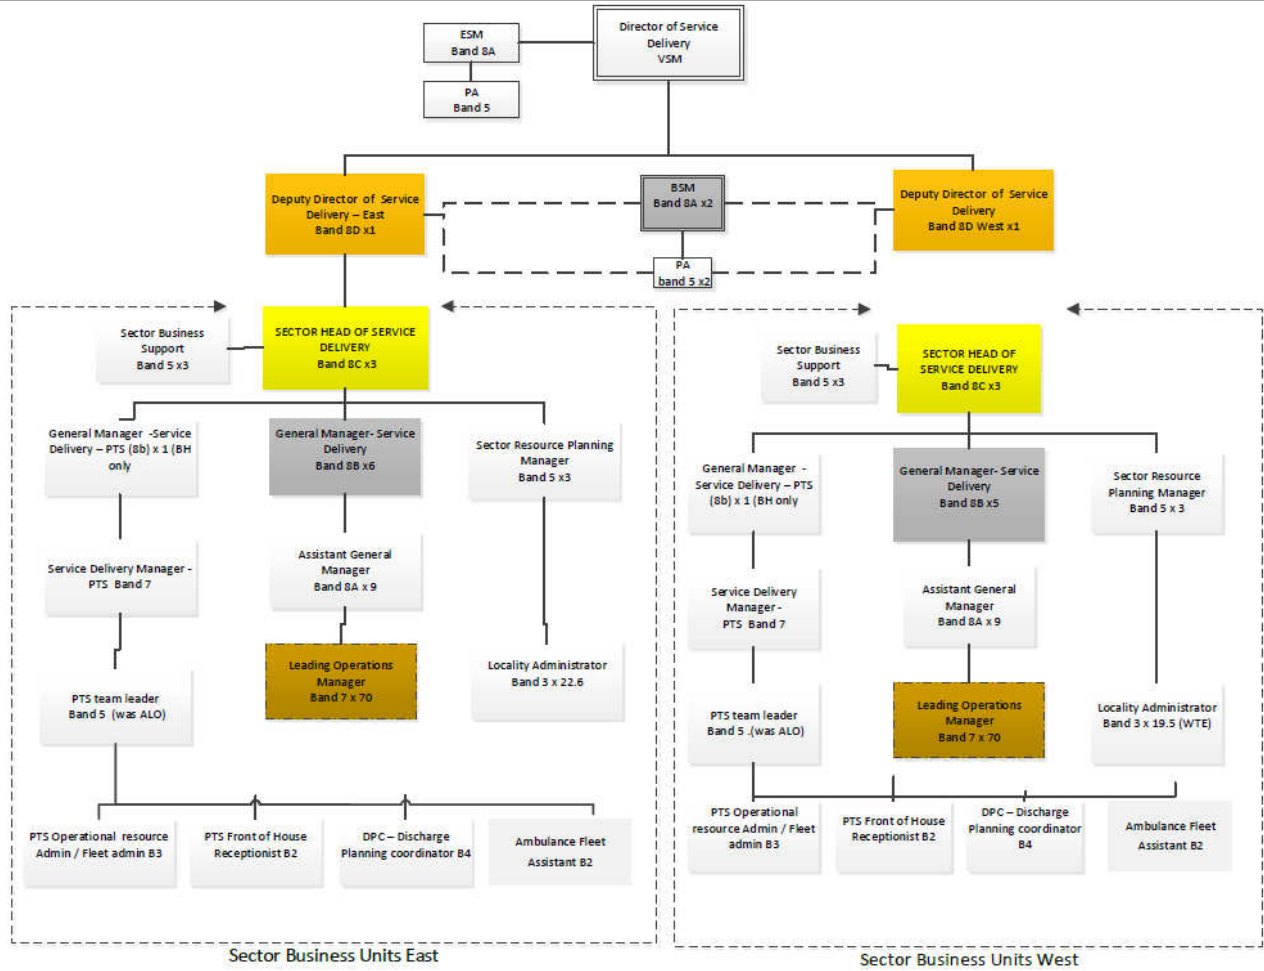

No Smoking Policy: East of England Ambulance Service NHS Trust is a no smoking Trust and all staff must comply with the Trust's no smoking policy.

Data Quality: It is the responsibility of all employees to ensure data is of a high quality standard, in order to support the Trust in providing a quality service. Data must be accurate, valid, reliable, timely, relevant and complete. For further information on the Trust's commitment to this, please refer to the Trust's Data Quality Policy.

Standards of Business Conduct: It is the responsibility of all employees to conduct all business in an honest and ethical manner. The Trust is committed to acting with integrity in all its dealings and relationships and to implementing effective systems to prevent bribery. The Trust will uphold all laws relevant to countering bribery and corruption, including the Bribery Act 2010, in every aspect of its conduct, including its dealings with public and private sector organisations and the delivery of treatment and care to patients. Following the implementation of the Bribery Act 2010, all employees should be aware that if they accept or offer any financial or other advantage, with the intention or knowledge that this is received in order to induce or reward the improper performance of their duties or offered to induce or reward the performance of another person's duties, they may be guilty of an offence under the Bribery Act 2010. For further information on the Trust's commitment to this, please refer to the Trust's Anti-Bribery Policy.

Sustainable Development: EEAST is committed to delivering its services in a more sustainable way, encouraging staff and patients to make sustainable lifestyle choices through awareness campaigns and working with local communities. All employees have a responsibility to ensure the Trust achieves its high standard of sustainable development, and have positive impacts on health, expenditure, efficiency and equality across the six counties of the Eastern region in which it operates.
